

# SANTUIT POND TOWN LANDING VISIONING WORKSHOP

## STAKEHOLDER MEETING

NOVEMBER 8, 2022

# Project Team

---

Town of Mashpee  
**Ashley Fisher**  
Director of Natural Resources

Fuss & O'Neill  
**Lara Sup**  
Climate Resilience Engineer

Fuss & O'Neill  
**Stephanie White**  
Senior Landscape Architect

Fuss & O'Neill  
**Nina Marelli**  
Park Designer

Fuss & O'Neill  
**Erik Mas**  
Project Manager

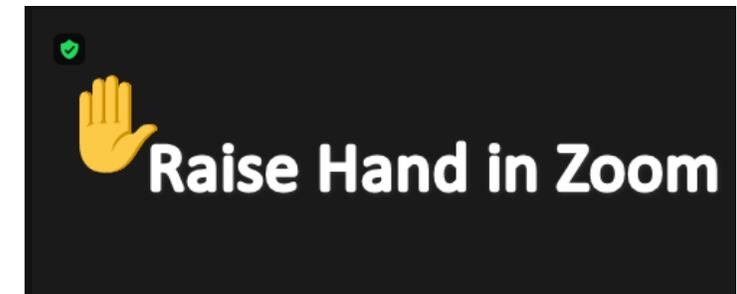

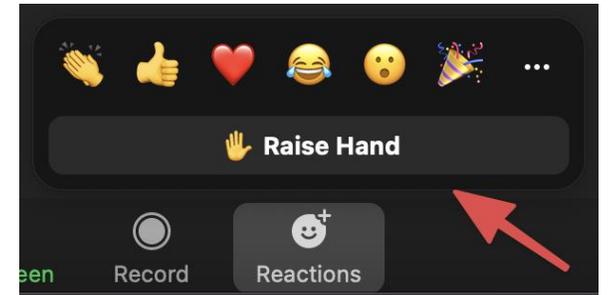

Fuss & O'Neill  
**Diane Mas**  
Chief Climate Resilience Officer

# Meeting Objectives

---

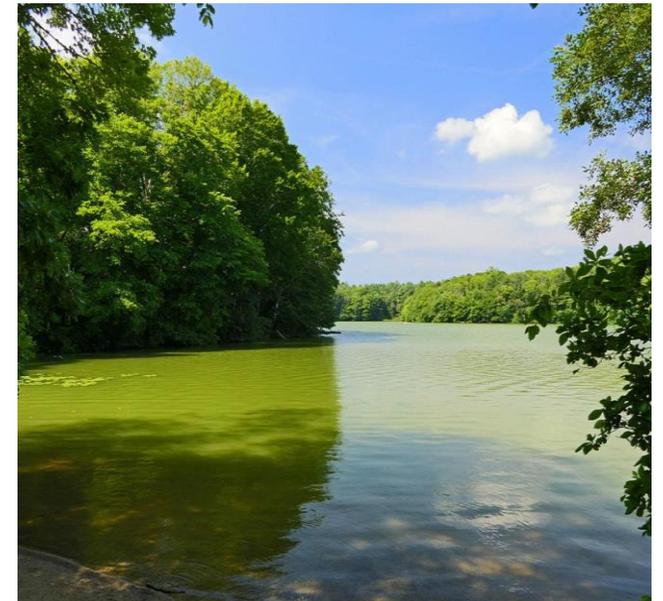

- Santuit Pond Stakeholders
- Want to hear your concerns and ideas
- Today is a listening session - we are here to listen and gather your feedback to inform us on design concepts
- Meeting Etiquette
  - Use “Raise Hand” gesture when you want to comment and wait to be called on
  - Do not talk over others
  - Allow everyone on the call to have time to speak

# Project Overview

---

- Experiencing cyanobacteria harmful algal blooms (HABs) – health, habitat, aesthetic impacts
- Expected to increase under future climate (warmer, more rain)
- Nutrient sources for HABs – in pond (sediments) and watershed (stormwater runoff)
- Massachusetts Municipal Vulnerability Preparedness (MVP) Grant
  - FY22 – Identify locations and concepts for stormwater retrofits; retrofit design
  - FY23 – Construct retrofit at Timberlane/Lantern; refine concept for Town Landing

# Town Landing – Existing Conditions

- Town-owned boat launch and fishing area
- Currently experiencing erosion caused by stormwater runoff
- Sediment and nutrient inputs to pond

# Project Goals

---

- Manage stormwater runoff to reduce sediment and nutrient input to Santuit Pond
- Other water quality and ecological improvements – shoreline and wetland
- Promote recreational use – use of non-motorized boats, shoreline fishing, walking trails
- Provide educational features – stormwater quality, water quality, climate change, historical and cultural significance

ATTAQUIN ST.

TIMBERLANE DR

ACCESS DRIVE

Entry

Boat Launch

Small Boat access

Boat Trailer Parking

# Conversations

---

1. How often in the last year have you visited the Town Landing site at Santuit Pond?
2. What do you use the Town Landing site for?
3. What is the Town Landing site's best asset?
4. Do you wish other amenities were available at the Town Landing site?
5. How could the Town Landing site be further enhanced?
6. If there is one thing you could change or improve at the Town Landing site, what would it be?

# What's Next

---

- Public Workshop
  - **Saturday, November 19, 2022, 11:00 AM to 2:00 PM**
  - Morning Site Walk at 11:00 AM
  - Interactive Session 12:00 PM to 2:00 PM at Town Hall
  - Breakout Stations to discuss ideas and opinions on key topics
    - Station #1: Parking and Circulation
    - Station #2: Possible Amenities and Enhancements
    - Station #3: Stormwater Improvements
    - Station #4: Fishing and Boating Improvements
- Online User Survey Questionnaire
