

Mashpee River Woodlands-Fitch Conservation Area

Trail Length: 1.2 miles

Parking: 233 Meetinghouse Road

This property, shared with the Trustees of Reservations, runs adjacent to Mashpee River. The trail runs through a pine/oak forest, with an incredible understory of huckleberry, inkberry, and sheep laurel. Americorp and our Land Stewards are integral in creating new pathways and maintaining them from 2012 through the present.
