

OWNER ACKNOWLEDGEMENT OF RESPONSIBILITIES
FOR ALTERNATIVE SOIL ABSORPTION SYSTEMS

As required by the Massachusetts Department of Environmental Protection's Standard Conditions for Alternative Soil Absorption Systems with *General Use Certification and/or Approved for Remedial Use* (effective March 5, 2018) pursuant to Section II,(18)(d)(i-iv), the owner of record must certify the following statements:

- a) a certification, signed by the Owner of record for the property to be served by the technology, stating that the property Owner:
 - i. has been provided a copy of the Title 5 I/A technology Approval, the Owner's Manual, and the Operation and Maintenance Manual, and the Owner agrees to comply with all terms and conditions;
 - ii. for Systems installed under a Remedial Use Approval, the owner agrees to fulfill his responsibilities to provide written notification of the Approval to any new Owner, as required by 310 CMR 15.287(5);
 - iii. if the design does not provide for the use of garbage grinders, the restriction is understood and accepted; and
 - iv. whether or not covered by a warranty, the System Owner understands the requirement to repair, replace, modify or take any other action as required by the Department or the LAA, if the Department or the LAA determines the System to be failing to protect public health and safety and the environment, as defined in 310 CMR 15.303.

I hereby certify that I am the owner of record for the above referenced property. I have read and agree with the above information for the proposed Secondary Treatment Unit system.
