

**TOWN OF MASHPEE
BOARD OF HEALTH**

VARIANCE APPROVAL BY BOARD OF HEALTH AGENTS

For Failed Systems Only:

1. Emergency repairs according to new Installer Certification Form.
2. Setbacks from the soil absorption system and septic tank to cellar wall, town-owned street property line (private property lines requires 10-day notification and public hearing).
3. Soil absorption system to private well if over 100 feet is provided and the area was developed under state regulation prior to the local 150' requirement.

New Construction:

1. Approval of Innovative/Alternative technologies and operation and maintenance contracts.

This policy was approved to form by the Board of Health on May 29, 2003.
