*The Communications Act of 1934, as amended*  
(47 USC Sec. 546)

Section 626. Renewal

- (a) Commencement of proceedings; public notice and participation -
- (1) A franchising authority may, on its own initiative during the 6-month period which begins with the 36th month before the franchise expiration, commence a proceeding which affords the public in the franchise area appropriate notice and participation for the purpose of (A) identifying the future cable-related community needs and interests, and (B) reviewing the performance of the cable operator under the franchise during the then current franchise term. If the cable operator submits, during such 6-month period, a written renewal notice requesting the commencement of such a proceeding, the franchising authority shall commence such a proceeding not later than 6 months after the date such notice is submitted.
  - (2) The cable operator may not invoke the renewal procedures set forth in subsections (b) through (g) of this section unless -
    - (A) such a proceeding is requested by the cable operator by timely submission of such notice; or
    - (B) such a proceeding is commenced by the franchising authority on its own initiative.
- (b) Submission of renewal proposals; contents; time -
- (1) Upon completion of a proceeding under subsection (a) of this section, a cable operator seeking renewal of a franchise may, on its own initiative or at the request of a franchising authority, submit a proposal for renewal.
  - (2) Subject to section 544 of this title, any such proposal shall contain such material as the franchising authority may require, including proposals for an upgrade of the cable system.
  - (3) The franchising authority may establish a date by which such proposal shall be submitted.
- (c) Notice of proposal; renewal; preliminary assessment of nonrenewal; administrative review; issues; notice and opportunity for hearing; transcript; written decision -
- (1) Upon submittal by a cable operator of a proposal to the franchising authority for the renewal of a franchise pursuant to subsection (b) of this section, the franchising authority shall provide prompt public notice of such proposal and, during the 4-month period which begins on the date of the submission of the cable operator's proposal pursuant to subsection (b) of this section, renew the franchise or, issue a preliminary assessment that the franchise should not be renewed and, at the request of the operator or on its own initiative, commence an administrative proceeding, after providing prompt public notice of such proceeding, in accordance with paragraph (2) to consider whether -
    - (A) the cable operator has substantially complied with the material terms of the existing franchise and with applicable law;
    - (B) the quality of the operator's service, including signal quality, response to consumer complaints, and billing practices, but without regard to the mix or quality of cable services or other services provided over the system, has been reasonable in light of community needs;
    - (C) the operator has the financial, legal, and technical ability to provide the services, facilities, and equipment as set forth in the operator's proposal; and
    - (D) the operator's proposal is reasonable to meet the future cable-related community needs and interests, taking into account the cost of meeting such needs and interests.
  - (2) In any proceeding under paragraph (1), the cable operator shall be afforded adequate notice and the cable operator and the franchise authority, or its designee, shall be afforded fair opportunity for full participation, including the right to introduce evidence (including evidence related to issues raised in the proceeding under subsection (a) of this section), to require the production of evidence, and to question witnesses. A transcript shall be made of any such proceeding.
  - (3) At the completion of a proceeding under this subsection, the franchising authority shall issue a written decision granting or denying the proposal for renewal based upon the record of such proceeding, and transmit a copy of such decision to the cable operator. Such decision shall state the reasons therefor.
- (d) Basis for denial -
- Any denial of a proposal for renewal that has been submitted in compliance with subsection (b) of this section shall be based on one or more adverse findings made with respect to the factors described in subparagraphs (A) through (D) of subsection (c)(1) of this section, pursuant to the record of the proceeding under subsection (c) of this section. A franchising authority may not base a denial of renewal on a failure to substantially comply with the material terms of the franchise under subsection (c)(1)(A) of this section or on events considered under subsection (c)(1)(B) of this section in any case in which a violation of the franchise or the events considered under subsection (c)(1)(B) of this section occur after the effective date of this subchapter unless the franchising authority has provided the operator with notice and the opportunity to cure, or in any case in which it is documented that the franchising authority has waived its right to object, or the cable operator gives written notice of a failure or inability to cure and the franchising authority fails to object within a reasonable time after receipt of such notice.
- (e) Judicial review; grounds for relief
- (1) Any cable operator whose proposal for renewal has been denied by a final decision of a franchising authority made pursuant to this section, or has been adversely affected by a failure of the franchising authority to act in accordance with the procedural requirements of this section, may appeal such final decision or failure pursuant to the provisions of section 555 of this title.
  - (2) The court shall grant appropriate relief if the court finds that -
    - (A) any action of the franchising authority, other than harmless error, is not in compliance with the procedural requirements of this section; or
    - (B) in the event of a final decision of the franchising authority denying the renewal proposal, the operator has demonstrated that the adverse finding of the franchising authority with respect to each of the factors described in subparagraphs (A) through (D) of subsection (c)(1) of this section on which the denial is based is not supported by a preponderance of the evidence, based on the record of the proceeding conducted under subsection (c) of this section.
- (f) Finality of administrative decision -
- Any decision of a franchising authority on a proposal for renewal shall not be considered final unless all administrative review by the State has occurred or the opportunity therefor has lapsed.
- (g) "Franchise expiration" defined -
- For purposes of this section, the term "franchise expiration" means the date of the expiration of the term of the franchise, as provided under the franchise, as it was in effect on October 30, 1984.
- (h) Alternative renewal procedures -
- Notwithstanding the provisions of subsections (a) through (g) of this section, a cable operator may submit a proposal for the renewal of a franchise pursuant to this subsection at any time, and a franchising authority may, after affording the public adequate notice and opportunity for comment, grant or deny such proposal at any time (including after proceedings pursuant to this section have commenced). The provisions of subsections (a) through (g) of this section shall not apply to a decision to grant or deny a proposal under this subsection. The denial of a renewal pursuant to this subsection shall not affect action on a renewal proposal that is submitted in accordance with subsections (a) through (g) of this section.
- (i) Effect of renewal procedures upon action to revoke franchise for cause -
- Notwithstanding the provisions of subsections (a) through (h) of this section, any lawful action to revoke a cable operator's franchise for cause shall not be negated by the subsequent initiation of renewal proceedings by the cable operator under this section.

### **GRANT OF RENEWAL LICENSE**

#### **SECTION 2.1 - GRANT OF RENEWAL LICENSE**

(a) Pursuant to the authority of M.G.L. c. 166A, the Cable Act and subject to the terms and conditions herein the Issuing Authority hereby grants a non-exclusive Renewal License to Comcast Cable Communication Management, LLC, authorizing and permitting Licensee to construct, operate and maintain a Cable System in the Public Way within the municipal limits of the Town. Nothing in this License shall be construed to prohibit Licensee from offering any service over its Cable System that is not prohibited by federal or state law.

(b) This Renewal License is granted under and in compliance with the Cable Act and M.G.L.c. 166A, and in compliance with all rules and regulations of the FCC and the Department in force and effect during the period for which this Renewal License is granted.

#### **SECTION 2.2 - TERM: NON-EXCLUSIVITY**

The term of this non-exclusive Renewal License shall be for a period of ten (10) years and shall commence on August 22, 2021, following the expiration of the current license, and shall expire at midnight on August 21, 2031.

#### **SECTION 2.3 - POLE AND CONDUIT ATTACHMENT RIGHTS**

Pursuant to M.G.L.c. 166, §§22-25, permission is hereby granted to Licensee to attach or otherwise affix including, but not limited to cables, wire, or optical fibers comprising the Cable System to the existing poles and conduits on and under public streets and ways, provided Licensee secures the permission and consent of the public utility companies to affix the cables and/or wires to their pole and conduit facilities. By virtue of this License the Issuing Authority grants Licensee equal standing with power and telephone utilities in the manner of placement of facilities on Public Ways.

**SECTION 2.4 - RENEWAL**

(a) In accordance with the provisions of federal law, M.G.L.c. 166A, §13 and applicable regulations, this Renewal License shall be subject to additional renewals for periods not to exceed ten (10) years or such other periods as allowed by law and shall be upon mutual written agreement with such modified or additional terms as Licensee and the Issuing Authority may agree.

**SECTION 2.5 - RESERVATION OF AUTHORITY**

Nothing in this Renewal License shall (A) abrogate the right of the Issuing Authority to perform any public works or public improvements of any description, (B) be construed as a waiver of any codes or bylaws of general applicability and not specific to the Cable System, Licensee, or this License, or (C) be construed as a waiver or release of the rights of the Issuing Authority in and to the Public Ways. This License is a contract and except as to those changes which are the result of the Issuing Authority's lawful exercise of its general police power, the Issuing Authority may not take any unilateral action which materially changes the explicit mutual promises in this License. Any changes to this License must be made in writing signed by the Licensee and the Issuing Authority. In the event of any conflict between this License and any Issuing Authority ordinance or regulation that is not generally applicable, this License shall control. Notwithstanding any other provision of this License, Licensee reserves the right to challenge provisions of any ordinance, rule, regulation, or other enactment of the Issuing Authority that conflicts with its contractual rights under this License, either now or in the future.

**SECTION 2.6 - COMPETITIVE EQUITY**

(a) Licensee acknowledges and agrees that the Issuing Authority reserves the right to grant one or more additional licenses or other authorizations to other Cable Service providers or wireline based video service providers within the Town for the right to use and occupy the Public Ways or streets within the Town. If any such additional or competitive license or other authorization is granted by the Issuing

Authorities which, in the reasonable opinion of Licensee, contains more financially favorable or less burdensome terms or conditions than this Renewal License, including, but not limited to: franchise fees; insurance; system build-out requirements; performance bonds or similar instruments; PEG access channels and support; customer service standards; required reports and related record keeping; and notice and opportunity to cure breaches; the Issuing Authority agrees that it shall amend this Renewal License to include any more favorable or less burdensome terms or conditions.

(b) In the event an application for a new cable television license or other authorization is filed with the Issuing Authority, proposing to serve the Town, in whole or in part, the Issuing Authority shall serve a copy of such application upon any existing Licensee or incumbent cable operator by registered or certified mail or via nationally recognized overnight courier service within a reasonable time thereafter.

(c) To the extent allowed by applicable law(s), the grant of any additional cable television license(s) or other authorization shall be on equivalent material terms and conditions as those contained in this Renewal License.

(d) The issuance of additional license(s) shall be subject to all applicable federal and state laws, including M.G.L.c. 166A and applicable regulations promulgated thereunder.

(e) In the event that Licensee believes that any additional license(s) or other authorization has been granted on terms or conditions materially more favorable or less burdensome than those contained in this Renewal License, the Issuing Authority shall convene a public hearing on such issue, within not more than thirty (30) days of receipt of a hearing request from Licensee. Along with said written request, Licensee shall provide the Issuing Authority with written reasons for its belief. At the public hearing, the Issuing Authority shall afford Licensee an opportunity to demonstrate that any such additional license(s) or other authorization are on terms more favorable or less burdensome than those contained in this Renewal License. Licensee shall provide the Issuing Authority with such financial or other relevant information as is reasonably requested.

(f) Should Licensee demonstrate that any such additional license(s) or other authorizations have been granted on terms and conditions more favorable or less burdensome than those contained in

this Renewal License, the Issuing Authority shall make equitable amendments to this Renewal License within a reasonable time.

(g) In the event that Licensee demonstrates that an existing or future Cable Service provider or wireline based video service provider in the Town has been provided relief by the Issuing Authority from any material obligation of its license, then Licensee shall be awarded an equivalent amount of relief from the material obligations herein. Such relief shall be in writing and in the form of an amendment to this License. The Issuing Authority shall convene a public hearing on the issue within sixty (60) days of Licensee’s notification to the Issuing Authority requiring such relief, unless otherwise mutually agreed to. License shall provide reasons for its belief in the notification. At the public hearing, the Issuing Authority shall afford Licensee an opportunity to demonstrate that any existing or future service providers in the Town have been provided relief by the Issuing Authority from any obligation of its cable television license or other similar lawful authorization. Licensee shall provide the Issuing Authority with such financial or other relevant information as is reasonably requested to justify its belief; provided, however, that said information is non-proprietary.

(h) In the event that Cable Services or wireline video services are being provided to the Town by any Person(s) or Multichannel Video Programming Distributor (“MVPD”) other than Licensee, which is not in any way an affiliate of Licensee, and such Person(s) or MVPD is not required by applicable law to be licensed by the Issuing Authority, and to the extent that Licensee reports to the Issuing Authority, in writing, that the provision of such Cable Services by such Person(s) or MVPD is having a negative financial impact upon Licensee’s Cable System operations in the Town, Licensee may request, in writing, that the Issuing Authority convene a public hearing on that issue. The Issuing Authority shall convene said hearing within thirty (30) days of receipt of a hearing request from Licensee.

(i) Along with said written request, Licensee shall provide the Issuing Authority with a written basis and written reasons for its determination of such negative impact. At the public hearing, the Issuing Authority shall afford Licensee an opportunity to present the basis and the reasons for its determination. Licensee shall provide the

Issuing Authority with such financial and other relevant information as is reasonably requested.

- (ii) Should Licensee demonstrate that the Cable Service(s) or wireline based video service of such Person(s) is having a negative financial impact upon Licensee's Cable System operations in the Town, the Issuing Authority shall make equitable amendments to this Renewal License.

**ARTICLE 3**

**SYSTEM SPECIFICATIONS AND CONSTRUCTION**

**SECTION 3.1 - AREA TO BE SERVED**

(a) Licensee shall upon request make Cable Service available to every residential dwelling unit within the Town where the minimum density is at least thirty (30) dwelling units per aerial mile and sixty (60) dwelling units per underground mile provided however, that any request for plant extension is measured from a technically feasible point on the existing Trunk and Distribution System from which a usable Cable Service Signal can be obtained and Licensee is able to obtain from property owners any necessary easements and/or permits in accordance with the Cable Act. For purposes of this section, a home shall only be counted as a "dwelling unit" if such home is within two hundred seventy-five (275) feet of the nearest distribution pole line within the Public Way. Upon written request from the City/Town, Licensee shall conduct a survey to determine the number of dwelling units in the requested area and shall inform the City/Town of the survey results and applicable costs to extend Service to the area.

(b) Licensee shall make service available to multiple dwelling units (MDU) upon request and where economically feasible, provided that Licensee is able to obtain from the property owners any necessary easements, permits and agreements to provide Service to said MDU. Subject to the density requirement, Licensee shall upon request offer Cable Service to all new homes or previously unserved homes located within one hundred twenty-five feet (125') of Licensee's Trunk and Distribution System. For non-Standard Installations, Licensee shall offer said Service within ninety (90) days of a Subscriber requesting such for aerial installations and one hundred eighty (180) days, weather permitting, of a Subscriber requesting such for underground installations. With respect to areas of the Town which are currently served by Licensee from a contiguous cable television system or currently unserved but could be served by abutting Town(s) served by Licensee, Licensee shall have the option to serve such areas from its cable television system in such abutting Town.

(c) Installation costs shall conform with the Cable Act. Any dwelling unit within an aerial one hundred twenty-five feet (125 ft.) of the Trunk and Distribution System shall be entitled to a Standard Installation rate in accordance with applicable federal and state laws. Underground installs are considered non-standard installations. # Comcast Xfinity Privacy Policy

Effective January 1, 2020

We know you care about your privacy and the protection of your personal information<sup>Ⓞ</sup>. We also know it is our responsibility to be clear about how we protect your information. We designed this Privacy Policy to do just that. It explains the types of personal information we collect, and how we collect, use, maintain, protect, and share this information. This Privacy Policy also tells you about the rights and choices you may have when it comes to your personal information.

Some of what we say in our Privacy Policy is required by law, and may at times seem long and complicated, but we've worked hard to try to make our Privacy Policy easy to understand and provide examples where possible. The Xfinity Privacy Center ([www.xfinity.com/privacy](http://www.xfinity.com/privacy)) includes more information about:

- How to review and manage your personal information and account activity
- How to set your marketing and advertising preferences, and opt out of certain information sharing
- How our products and services help to protect you
- How you can better protect yourself online

You can review this Privacy Policy and the information in the Xfinity Privacy Center anytime. If you still have questions, you can contact us<sup>Ⓞ</sup> for more information.

## WHEN THE PRIVACY POLICY APPLIES

This Privacy Policy applies to the information we collect when you use Xfinity-branded products, services, networks, and platforms<sup>Ⓞ</sup>, including our websites and mobile apps. This Privacy Policy also applies to other Comcast-branded products and services<sup>Ⓞ</sup> that link to it. We'll refer to these as our "Services" in this Privacy Policy. It also applies to the information we collect about you from third parties. This Privacy Policy does **not** apply to non-Xfinity products, services, websites, and mobile applications that you may access or use through Xfinity platforms.

### Learn more about when the Privacy Policy applies

Because this Privacy Policy describes the privacy practices for all of our Services, some parts may not apply to you. For example, if you do not subscribe to Xfinity Voice (home phone service) or Xfinity Mobile, we will not collect call detail information. If you do not subscribe to Xfinity Home, we will not collect home security event information.

Some Services may have additional privacy practices that may be described to you in different ways, such as in a separate contract for Comcast Business Services. To the extent there is an overlap between this Privacy Policy and a Service-specific privacy policy, the Service-specific policy or agreement will control with respect to that Service.

This Policy does **not** apply to the non-Xfinity products, services, websites, and mobile applications that you may use through the Xfinity platforms. For example, if you subscribe to Xfinity Internet and visit a news or shopping website, the privacy policy for that website will apply. If you subscribe to Xfinity TV and use our Xfinity X1 platform to use another company's streaming service, the privacy policy for that streaming service will apply to information it collects. Likewise, if you connect your smart thermostat to your Xfinity Home security and automation service, the privacy policy of the smart thermostat company will apply to the information it collects.

To provide you with our Services, we collect your personal information. This can include information that does not personally identify you — such as device numbers, IP addresses, and account numbers. It may also include information that does personally identify you, such as your name, address, and telephone number. If you allow others to use your Comcast or Xfinity accounts or Services, we will also collect personal information about those individuals. If you are not a Comcast or Xfinity customer, but use our Services through someone else's account, we will collect information about you, but it may not identify who you are to us. We may also collect information about you from third parties<sup>Ⓞ</sup>.

We collect this information to provide our Services, respond to your requests<sup>Ⓞ</sup>, and to tailor our Services<sup>Ⓞ</sup> to best meet your needs and interests.

#### **Social Media Companies**

You may interact with parts of our Services that cause information to be published to your social networks. For example, you may click on a Facebook "like" button, which publishes to your Facebook account that you "like" one of our Services. On those parts of our websites with social network functionality, a social network may be able to collect information about you. For example, if a page contains a Facebook "like" button, Facebook may be able to collect data about your visit to that page, even if you don't click on the "like" button. To control this sharing of information, please review the privacy policy of the relevant social network and/or sign out of it before you use our Services.

#### **Online Advertising Partners**

We may use cookies to deliver personalized advertising to you when you visit other websites, including advertising based on the products and services you viewed on our Services. We also allow our partners, including advertisers and service providers, to use cookies and similar tracking technologies when you use our Services. For more information about the use of cookies and other technologies on our online Services, please see the Cookies Policy (<https://www.xfinity.com/privacy/policy/cookie/notice>).

#### **Audience Measurement and Analytics Companies**

We work with business partners to help us measure and analyze how our customers are using our Services. For video, this includes assessing which programs are most popular, how many people watch a program to its conclusion, whether people are watching advertisements, and what programming and video content we will carry on the Services. It also includes determining how our customers prefer to view certain kinds of programming when they use our Services, such as whether they like to watch certain programs live, or if they prefer to view them on demand, on mobile devices, or online. Our business partners may compile this information into reports with aggregated and anonymous statistics that are then made commercially available (for example, a ratings report that indicates what percentage of viewers watched a particular program live vs. on-demand).

#### **Public Safety Authorities**

If you have our Xfinity Voice service, Comcast will disclose your name and contact information to public safety authorities such as 911/E911 and related emergency services.

#### **Directory Services, Assistance, and Caller ID**

Your name, address, and telephone number may be sent to publishers to be printed in directories and posted in online directories. Once that information is printed or posted online, it is outside of our control and may be sorted or repackaged and made available again in different formats by anyone, including data aggregators, for a variety of purposes, including marketing. For a fee, you can choose to have a nonpublished number, which means that Comcast will not provide your name, address, and telephone number for publishing in the phone book and online directories. You can also choose to have a published number, but choose the "omit address feature," which means we will not provide your street address for publishing in the phone book and online directories. If initiating service online, select "non-published" option, otherwise call 1-800-XFINITY to sign up.

We may also make your number, name, and address available to directory assistance (411) providers. If you have a nonpublished number, Comcast will not make your number available through directory assistance. Comcast may still share your name and address with the 411 provider when specified by law (but the provider is not authorized to share your non-published number).

Please note: While the non-published feature will keep your name, address, and telephone number out of printed and online directories over which Comcast exercises control, even a non-published phone number may exist in databases not controlled by Comcast – if, for example, your present telephone number or address was previously published under your name, or if you provided this information to businesses or government agencies. One way to help protect your privacy may be to request assignment of a new telephone number (with which your name has not previously been associated). You may also want to activate Caller ID Blocking or select the do-not-call option.

Caller ID provides your name and telephone number to the person you are calling – even if you have a nonpublished number. Per Line Caller ID Blocking will automatically block Caller ID for all calls you make from your registered telephone number and can be activated by calling 1-800-XFINITY. Per Call Caller ID Blocking will block name and number on a per-call basis and can be activated by dialing \*86 before each call you want to block.

### **Potential Purchasers of our Business**

If we enter into a potential or actual merger, acquisition, or sale of all or a portion of our assets, then information about you and your subscription will, in most cases, be shared or transferred as part of the transaction. This includes information that personally identifies you. If this Policy will be changed as a result of such a transaction, you should refer below under "Changes to this Privacy Policy."

### **Government Entities When Required by Law or To Protect Comcast and Others**

There are times when we may be required by law to disclose information about you to third parties. This may happen with or without your consent, and with or without notice, in compliance with the terms of valid legal process such as a subpoena, court order, or search warrant.

If you subscribe to our Xfinity Video service, Comcast may be required to disclose information that personally identifies you to a governmental entity in response to a court order. In this case, the Cable Act requires that you be given the opportunity to appear in a court proceeding to contest any claims made in support of the court order, and the governmental entity must offer clear and convincing evidence that you are reasonably suspected of engaging in criminal activity and that the information sought would be material evidence in the case. For more information, see "Your Rights and Our Limitations Under Federal Laws."

If you subscribe to the Xfinity Internet, Voice, Mobile, or Home security and automation Services, Comcast may be required to disclose information that personally identifies you to a governmental entity in response to a subpoena, court order, or search warrant, depending on the type of information sought. We are usually prohibited from notifying you of any such disclosures by the terms of the legal process.

A non-governmental entity, such as a civil litigant, can seek information that personally identifies you or your use of the Xfinity Video, Internet, or Voice Services only pursuant to a court order, and we are required by the Cable Act to notify you of such court order. If Comcast is required to give information that personally identifies you to a private third party in response to a civil court order for these or other Services, we will notify you prior to making such disclosure unless legally prohibited from doing so.

We may also disclose information that personally identifies you as permitted by law and without your consent when it is necessary to protect our customers, employees, or property; in emergency situations; or to enforce our rights under our terms of service and policies.

### **HOW WE PROTECT YOUR INFORMATION**

We follow industry-standard practices to secure the information we collect to prevent the unauthorized access, use, or disclosure of any personal information we collect and maintain. These security practices include technical, administrative, and physical safeguards, which may vary, depending on the type and sensitivity of the information. Although we take the responsibility of safeguarding your personal information seriously, no security measures are 100% effective and we cannot guarantee that these practices will prevent every unauthorized attempt to access, use, or disclose your information. Comcast also takes additional steps to increase the security and reliability of customer communications. We do not read your outgoing or incoming email, file attachments, video mail, private chat, or instant messages. However, we (along with our service providers) use software and hardware tools to help prevent and block "spam" emails, viruses, spyware, and other harmful or unwanted communications and programs from being sent and received over Comcast.net email and the Comcast Services. To help protect you and the Services against these harmful or unwanted communications and programs, these tools may automatically scan your emails, video mails, instant messages, file attachments, and other files and communications. We do not use these tools for marketing or advertising.

### **HOW LONG WE KEEP YOUR INFORMATION**

We keep your personal information for different lengths of time depending on the type of information and the business and legal requirements. For example, if you are a customer, we keep information that personally identifies you as long as you subscribe to one or more of our Services. If you no longer subscribe to a Service, we still may need that information for business and legal requirements, such as to protect against fraud, calculate taxes, or respond to legal requests. Other information is deleted automatically after a set period of time, often set by law, unless we are legally required to hold it longer, such as for pending litigation. We destroy, de-identify, or anonymize the information when it is no longer needed in identifiable form.

### **THE CHOICES YOU HAVE TO CONTROL OUR USE OF PERSONAL INFORMATION**

You have many choices about how we communicate with you and how we use or share your information. You can manage these settings in the Xfinity Privacy Preferences Center ([www.xfinity.com/privacy/manage-preference](http://www.xfinity.com/privacy/manage-preference)). If you change your mind, you can update your preferences anytime.

#### **Learn more about your privacy choices**

For your convenience, we have created the Xfinity Privacy Preferences Center where you can manage:

- your account communications and notifications
- your marketing calls, texts, and direct mail preferences
- your preference for door-to-door sales calls
- promotional or commercial emails Comcast may send to you
- personalized advertising for third-party products and services based on your interests

You can review your options, get more information about the types of marketing activities you can opt out of, and make your choices. If you change your mind, you can return any time to update your preferences. Some of the selections are tied to customer accounts and may require you to sign into your Xfinity My Account.

We understand that sometimes you may want to speak to a Comcast representative who can assist you with your choices. You can contact Comcast at 1-800-XFINITY and ask us to put your name on our internal company "do not call," "do not mail," or "do not knock" list.

### **HOW TO ACCESS AND CORRECT THE INFORMATION IN OUR RECORDS**

Part of our commitment to transparency includes giving our customers access to the personally identifiable information we have about them. If you subscribe to Xfinity Services, you have the ability to see and correct your personally identifiable information through the My Account or Xfinity Home portals.

If you are a California resident, you may have additional rights described in the "Special Information Regarding California Residents' Privacy Rights" section of this Privacy Policy.

#### **Learn more about how to access personally identifiable customer information**

If you subscribe to an Xfinity Service, you may correct or update information by visiting the My Account portal or by contacting us as described below. If you are an Xfinity Home customer, you can visit the subscriber portal at [xfinity.com/xhportal](http://xfinity.com/xhportal) anytime. We will correct our records once we have verified that the changes you request are proper.

If you subscribe to Xfinity TV, Internet, or Voice services and would like to see your own personally identifiable information, other than your customer proprietary network information ("CPNI"), you may do so at your local Comcast office. To do so, please contact us by email at [Comcast\\_Privacy@comcast.com](mailto:Comcast_Privacy@comcast.com) or by phone at 1-800-XFINITY, giving us a reasonable period of time to locate and, if necessary, prepare the information for review, and to arrange an appointment during regular business hours. You will need to have proper identification and will only be able to see the personally identifiable information in your account and no other account.

If you make a written request for a copy of your Xfinity Voice or Mobile CPNI, we will provide you with the relevant information we have by mailing it to your account address, or to any person authorized by you, if we reasonably believe the request is valid. However, subscribers to our Xfinity Voice and Mobile Services should be aware that we generally do not provide them with records of any inbound or outbound calls or other records that we do not furnish in the ordinary course of business (for example, as part of a bill) or which are available only

from our archives, without valid legal process such as a court order. In addition, we cannot correct any errors in customer names, addresses, or telephone numbers appearing in, or omitted from, our or our vendors' directory lists until the next available publication of those directory lists. Further, we may have no control over information appearing in the directory lists or directory assistance services of directory publishers or directory assistance providers that are not owned by us.

Comcast reserves the right to charge you for the reasonable cost of retrieving and photocopying any information or documents that you request, where permitted by law.

**YOUR RIGHTS AND OUR LIMITATIONS UNDER FEDERAL LAWS**

The federal Cable Act imposes limitations on our collection and sharing of information that personally identifies you when you subscribe to Services that use the facilities of the Comcast cable system. The Communications Act imposes restrictions on our use and sharing of CPNI when you use Services that are deemed telecommunications services.

**Learn more about your rights and our limitations under federal laws**

**The Cable Act and Personally Identifiable Information**

This Privacy Policy is designed to comply with Section 631 of the Cable Communications Policy Act of 1984, as amended, (the "Cable Act"). The Cable Act permits Comcast to use the cable system to collect personally identifiable information about you. Personally identifiable information is information that identifies you specifically; it does not include de-identified, anonymous, aggregate, or other data that does not identify you. We may collect personally identifiable information when it is necessary to render cable services or other services to you and to detect unauthorized reception or use of the services. We may use the cable system to collect personally identifiable information about you for additional purposes with your prior written or electronic consent. The Cable Act also permits Comcast to disclose personally identifiable information if the disclosure is necessary to render, or conduct a legitimate business activity related to, the cable service or other services provided to you; required by law or legal process; or limited to your name and address, subject to your opt-out consent. The frequency of any disclosure of personally identifiable information varies in accordance with our business needs and activities as described in this Policy.

If you believe that you have been aggrieved by any act of ours in violation of the Cable Act or other applicable laws, we encourage you to contact us directly at Comcast\_Privacy@comcast.com in order to resolve your question or concern. You may also enforce the limitations imposed on us by the Cable Act as applicable with respect to your personally identifiable information through a civil lawsuit seeking damages, attorneys' fees, and litigation costs. Other rights and remedies may be available to you under federal or other applicable laws as well.

This Privacy Policy neither supersedes, enhances, nor modifies any arbitration agreement to which you may be bound as a subscriber to one or more of the Services.

**The Communications Act and CPNI**

Section 222 of the Communications Act of 1934, as amended (the "Communications Act"), provides additional privacy protections for information about the quantity, technical configuration, type, destination, location, and amount of your use of telecommunications services, including Xfinity Voice and Mobile Services, and the information about those services contained on your bills for those Services. This information is known as customer proprietary network information or "CPNI." CPNI does not include your name, address, or telephone number, which is defined by the Communications Act as "subscriber list information." However, that information is otherwise considered personally identifiable information.

If you are a customer of Xfinity Voice or Mobile Service, or another Service that is subject to these requirements, you have the right, and Comcast has a duty, under the Communications Act and other applicable laws, to protect the confidentiality of your CPNI. In addition, the FCC's rules provide additional privacy protections and choices regarding use and sharing that are specific to our Voice and Mobile service that we describe in this Policy.

**SPECIAL INFORMATION REGARDING CALIFORNIA RESIDENTS' PRIVACY RIGHTS**

The California Consumer Privacy Act of 2018 ("CCPA") provides California residents with rights to receive certain disclosures regarding the collection, use, and sharing of "Personal Information," as well as rights to access, delete, and restrict the sale of certain Personal Information we collect about them. You may submit a request to exercise these rights by visiting <https://www.xfinity.com/privacy/requests> or calling us at 1-844-963-0138. The CCPA defines "Personal Information" to mean "information that identifies, relates to, describes, is capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household." If you are a California resident, you have a right not to receive discriminatory treatment for the exercise of the privacy rights conferred by the CCPA.

Residents of the State of California also have the right to request information regarding third parties to whom the company has disclosed certain categories of personal information during the preceding year for the third parties' direct marketing purposes under California's "Shine the Light" law (Cal. Civ. Code §1798.83). Personal information under this California law means "any information that when it was disclosed identified, described, or was able to be associated with an individual." We do not disclose this type of personal information to third parties for their own purposes and we permit you to opt out of any disclosures of non-identifiable personal information. However, if you are a California resident and would like to inquire further, please email [Comcast\\_Privacy@comcast.com](mailto:Comcast_Privacy@comcast.com).

We do not knowingly allow others to collect personally identifiable information about your online activities over time and across third-party websites when you use our online Services. Because definitions and rules for a "Do Not Track" standard have not yet been established, including whether such signals must be user-enabled, Comcast does not yet respond to "Do Not Track" signals sent from browsers. For more information about cookies and other online tracking technologies, please visit our Cookie Notice (<https://www.xfinity.com/privacy/policy/cookie/notice>); to manage your preferences, please visit the Xfinity Privacy Preferences Center ([www.xfinity.com/privacy/manage-preference](http://www.xfinity.com/privacy/manage-preference)).

**Collection and Use of Personal Information**

The general section of this Privacy Policy describes the types of personal information we collect, how we collect it, and how we use it in categories that are easy to understand. The CCPA requires us to disclose the personal information we have collected about consumers in the past 12 months in the following categories. Some of the categories include very different types of information within the same category. As a result, how we use and how long we keep the information within each category will vary, and not all types of information within the same category will be used for all the purposes listed.

#### Right to Know and Right to Request Deletion of Information

California residents have the right to request that we disclose what personal information we collect, use, and sell, as well as the right to request that we delete certain personal information that we have collected from you. To start this process, go to <https://www.xfinity.com/privacy/requests>. For your security and to ensure unauthorized third parties do not access your personal information, we will require you to verify your identity before we can act on your request. If you are a current customer or still have access to your Xfinity My Account, you will be required to authenticate through your Xfinity account. If you do not have an account with us, you will be required to provide an email address and mobile phone number to start the verification process. You may also be required to provide a qualified government-issued photo identification. If you are asking for access on behalf of someone else, we will require verification of your identity, as well as proof of authorization by the individual whose personal information you wish to access.

There may be information we will not return in response to your access request, such as information that would affect the privacy of others or interfere with legal requirements. Similarly, there may be reasons why we cannot comply with your deletion request, such as the need to keep your personal information to provide you service or to fulfill a legal obligation.

#### MORE INFORMATION ABOUT SOME OF THE TERMS AND PHRASES USED IN THE POLICY

Below you can find illustrative examples and more information about the terms used in the policy that have  next to them.

**Personal information:** Includes any information that is linked or reasonably linkable to you or your household.

**Xfinity products, services, networks and platforms:** This includes the Xfinity-branded products and services and other Comcast services that link to this Privacy Policy, including: Xfinity® TV & Streaming, Xfinity Internet, xFi and Xfinity Advanced Security, Xfinity Voice, Xfinity Stream app, Xfinity Wi-Fi service, Xfinity Home, Xfinity Mobile, Xfinity Flex.

**Comcast-branded products and services:** This includes Comcast services such as Effectv and Comcast Business Services, which are part of Comcast Cable.

**Third parties:** Third parties are other companies that collect or maintain information about you and share it with us, such as credit bureaus who share information with us when you sign up for service and consent to a credit check.

**Respond to your requests:** In order to provide better customer service, we keep track of when you contacted us, what the issue was and what is the best way to get in contact with you.

**Tailor our services:** We collect data from third parties to better understand your interests and provide personalized offers.

**Video selection and viewing activity:** When you use the video services we directly provide, such as Xfinity TV and the Xfinity Stream App, we know what video selection you made in order to deliver it to you. When you access content from third-party applications on the X1 or Flex platform, we will only know that you accessed that application, not what you do within it.

**To help us authenticate you:** Some of our services can only be provided in certain geographic areas and require us to know that you are physically located at your service address in order to use them or access information.

**DNS:** The address book of the Internet is known as DNS, or Domain Name System. It's how people navigate the Internet. Millions of Comcast customers look up billions of addresses online every day. We delete the DNS queries generated by our Internet customers every 24 hours except in very specific cases where we need to research a security or network performance issue, protect against security threats, or comply with a valid legal request. You may decide to keep that information in your account longer when you enable certain features, such as our advanced security services that allow you to see the websites that are blocked for up to 30 days. But we've never used that data for any sort of marketing or advertising – and we have never sold it to anyone.

**Network traffic activity:** Where you go in the Internet is your business, not ours. We de-identify our customer's network traffic activity within 24 hours and then only use that de-identified information to study our network data to assess how the network is performing, understand trends, stay ahead of capacity demands, and build, test, and improve our products and services. We do that with only a small sample of network data that is aggregated and never identifiable to any customer.

**Xfinity Mobile:** We don't sell, and have never sold, your location data when you use our Xfinity Mobile service.

**Mobile apps:** If you are using a mobile device to access our Services, we may need to know the location of your mobile device or other device in which you have installed one of our applications for certain functionality, such as connecting you to a nearby Xfinity WiFi Hotspot. We will request your consent to collect and use precise geolocation information before we do so. You can prohibit the collection of this information through your device's settings (see "Your Choices"), but doing so may limit certain functions and features of our Services.

**Demographic:** Information like gender, age, and census records.

**Interest:** Information that indicates your interest in things like sports, travel, or cooking.

**Purchase:** Information from loyalty program or public records.

**Facebook:** If you interact with our Services on a device through which you also interact with social networks or if you interact with us through a social media function such as a plug-in (for example, a Facebook "like" button) then you may be permitting us to have on-going access to some information from your social network profile (such as your name, email address, your friend list, photo, age, gender, location, birthday, social networking ID, current city, the people/sites you follow, and so forth). If you don't want a social network to collect the information about you as described above, or you don't want a social network to share it with us and other third parties, please review the privacy settings and instructions of the applicable social network before you interact with our Services.

**Measurement and analytics reports for us and others:** We and service providers who work on our behalf may combine and use data from our business records – including account information, video activity data, and other usage data – with data from third parties to create measurement and analytics reports. These reports are de-identified or aggregated and do not contain any information that personally identifies you.

We use these reports for many of the purposes described in the Privacy Policy, such as for improving the Services, creating and delivering more personalized advertising on behalf of Comcast and other third parties, determining whether and how an advertiser's messages are viewed, and analyzing the effectiveness of certain advertisements on the Comcast Services and other platforms and services. We also use these reports to work with academic or research groups, and for other uses that help us develop and fund improvements in services and infrastructure. We may share these reports with programmers, advertisers, or others. To learn about the choices you have with respect to our use of your information for these purposes, visit the Xfinity Privacy Preferences Center ([www.xfinity.com/privacy/manage-preference](http://www.xfinity.com/privacy/manage-preference)).

**Opt-in or opt-out settings:** For example, if we share personal information that does not personally identify you with others for their own use, we will first give you the choice to opt out of such sharing. In other instances, you may want us to share your name, physical address, or email address with another company, such as when you are signing up for a third-party service through our X1 or Flex Platform. In that instance, we will make sure you give us clear direction to do so, before we pass that information on.

**Identifies you:** We may share de-identified or aggregate information that in no way identifies you with third parties when those third parties commit to not re-identify that information or share it with others who may attempt to do so, including for academic and other research.

**Information that personally identifies you:** Personally identifiable information includes things like your name, phone number, physical address, or email address.

**Another company:** For example, when you are signing up for a third-party service through our X1 or Flex Platform, you may ask us to share contact information to help you register or log on. Or if you were interested in a product you saw advertised on television and wanted to share your contact information so that the product provider could send you more information, we might present that option to you.

**Vary:** For example, the CCPA puts name and social security number in the same category. We may use your name to send you marketing materials for our products, but we will not use your Social Security Number for marketing or advertising.

If you are dissatisfied with our resolution of your complaint, or we are unable to resolve your complaint, you may contact your local franchising authority to discuss your complaint. If your local franchise authority information is not listed on your bill, please call us at 1-800-XFINITY for the name and address of your local franchising authority. ## MOVING

Please visit <https://www.xfinity.com/moving> before you move. This is the best way for us to arrange for your service to be disconnected and to schedule an installation at your new home, if your new home is in our service area.

## EQUIPMENT COMPATIBILITY

Xfinity TV service is encrypted and requires a TV Box, TV Adapter, CableCARD or other navigation device that is compatible with our system for each television you wish to use with our service. You may not be able to use special features or functions of your television, VCR or DVD player/recorder with Xfinity TV service. Some of these problems may be resolved by the use of signal splitters, and/or other supplemental equipment that can be purchased from us or at electronic stores. Please call us if you would like to discuss the type of special equipment needed to resolve individual compatibility problems or if you have any questions regarding other equipment compatibility issues.

If you have a TiVo digital cable-ready DVR, you can access switched digital video services by obtaining a "tuning adapter" device. If you have a TiVo DVR or other digital cable-ready devices, you will need a TV Box, TV Adapter, or CableCARD from us to access switched digital video and other two-way cable services. Upon your request, we will provide you with the technical parameters necessary for a navigation device rented or acquired from retail outlets to operate with our system. Because of the need to protect our Xfinity TV service, we will not authorize the use of a navigation device that does not conform to all required signal security specifications. For information regarding other navigation devices, please go to <https://www.xfinity.com/support>.

## REMOTE CONTROL UNITS

**If you rent a TV Box or TV Adapter from us we will provide a compatible remote control. Also, you may purchase compatible remotes at local electronic stores or other retail outlets. A representative list of compatible remote control models currently available from local retailers includes: Philips PHL PMDVR8, RCA RCR612, and Sony RM-V202. A list of additional compatible remotes may be obtained from your local Xfinity store. Although these remote control units are compatible with the TV Box or TV Adapter that we currently offer, these remotes may not be functional if we change the type of TV Box or TV Adapter we rent. If you have any questions regarding whether a particular remote control unit would be compatible with our equipment, please contact us.**

## SERVICE CHANGES AND INSTALLATION

Standard installations are generally completed within 7 business days. If you change the services you receive, you may be subject to an installation or change of service charge. You may obtain additional information about our current services, fees and prices online at [www.xfinity.com](http://www.xfinity.com) or by calling us at 1-800-XFINITY.

## UPCOMING PROGRAMMER CONTRACT EXPIRATIONS

Information on programmer contract expirations, which could affect our carriage of the programmer's channels, can be found at <https://my.xfinity.com/contractrenewals/> or by calling 866-216-8634.
