

Protecting Mashpee's Ponds

Join Mashpee Natural Resources,
Mashpee Wampanoag Natural
Resources, and Fuss and O'Neill

For a discussion and presentation of
the health of Mashpee's freshwater
ponds and what homeowners can do
to strive towards clean water.

April 15th, 2022

10am-12pm

Mashpee Public Library

About the Event:

Ashumet, Mashpee-Wakeby, John's and Santuit Ponds are all actively effected by cyanobacteria blooms and low oxygen events. Come learn about what cyanobacteria is, what homeowners can do to lessen their impacts, and discuss what the town is doing to treat our beloved freshwater ponds. Future potential Mashpee Town-Bylaw recommendations to support clean water will also be discussed at this meeting for public input.
